Dear Ms. Burke:

On behalf of the Summit Board of Education, Mr. Hough and myself, I would like to thank the Summit Educational Foundation for their funding of the SEF emergency grants totaling \$72,056.

As the Summit Public Schools continue our efforts in partnership with the community to support and sustain an excellent system of learning that engages all students in compelling work; educates them to their highest intellectual, creative, and individuals potential; promotes pride in diversity; and results in responsible and productive citizens of the highest integrity, your donation allows us to take on new opportunities, advance our goals, and address new challenges as they arise.

Thank you again for your generosity and continued support of the Summit Public Schools. We would not be able to attain this level of achievement without your commitment.

Very truly yours,

Louis J. Pepe, RSBA  
Assistant Superintendent
